

Merry Christmas from the Kingdom of Denmark, Scandinavia!

OVE ULRIK ROED A/S

is based in Europes largest Christmas Tree
producing country - Denmark.

Denmarks geographical location makes the ideal
place for growing perfect christmas trees.

Ove Ulrik Roed A/S has established a reputation for
producing quality trees of various types and sizes. In our
range we have Norway Spruce, Omorica, Pines, Woble Fir
and our top product the Normann Fir.

Ove Ulrik Roed A/S has specialised in producing the
Normann Fir with more than 1 million trees planted in our fields.
In our opinion the naturally perfect shaped tree, with its shiny
darkgreen, nondropping needles - the Normann Fir
is the King of Christmass Trees.

Ove Ulrik Roed A/S has got more than 25 years experience of
producing and shipping Christmas Trees worldwide.
We can therefore guarantee you the highest possible quality product.
For the U.K. market our palletizing technique makes it possible to
deliver door to door pallets containing from 100 trees and upwards.
